

About Us

Brave, Different and Inspiring Living Spaces

Since the day we were founded, we have been designing living spaces that offer impressive, modern and functional features together with rational and technological solutions to our customers, and execute all stages meticulously until delivery.

STRONG ORGANIZATIONAL STRUCTURE

Over 20 Years Experience

As Erel Architecture & Construction, we have successfully completed our projects, which we prioritize unconditional customer satisfaction, in a timely and flawless manner, and have won the trust of our customers. Our aim is to be the first brand that comes to mind in our sector by carrying this trust to higher levels with our years of experience and expert staff.

OUR MISSION

To continue our success in the construction sector and to be a pioneer in the sector. Developing innovative projects that provide sustainable added value and bringing customer satisfaction to higher levels.

OUR VISION

In line with our experience and professional perspective we have gained in the construction industry for many years, it is to become a construction and architecture company that directs the sector and the future at local and global scales.
