

About us

Real estate agency Es & Es Gayrimenkul, founded in 2017, continues its journey as ESLINE company - developer with strong team offering professional customer service in the field of construction and real estate acquisition. We are constantly improving and honing our skills, which gives excellent results.

Our company has been representing the construction industry since 2017; We adhere to modern management policy, giving priority to quality in all investment projects.

Esline offers its customers new level of comfortable life, provided with well-thought-out layout, impeccable design and well-planned space of their residential complexes.

We offer the widest selection of bright, comfortable apartments on the shores of the beautiful Mediterranean Sea.

High efficiency, individual approach and quality service are the main principles of the company. Our managers offer clients several options for solving any issues that arise both before and after the purchase of real estate.

Motivated, experienced professionals who really care about you and your investments and financial transactions.

We strive to achieve a result that will far exceed your expectations.
