

ERENES YAPI, which started its commercial life with the GSM sector in 2002, continues its construction activities in the Alanya region since 2015, within the E-DIREKÇİ group, which continues to serve Vodafone customers with over 100 employees in 11 stores in total in Antalya, Alanya, Manavgat, Serik, Gazipaşa regions.

ERENES YAPI designs enjoyable and comfortable living spaces and aims at safe structures that can be passed down from generation to generation.

We work with architects and engineers who are experts in their fields, we make supply agreements with the leading companies of the sector for the latest, up-to-date materials, and we offer our customers a profitable investment opportunity with an accessible price policy while creating comfortable living spaces made with quality materials and meticulous workmanship.

We constantly check the compliance of the materials we use with world standards, we update the changing standards quickly, we work on a controlled business plan that does not harm the environment, from our supply department to the master working, from the architects of the project to the sales department, the only goal of the ERENES YAPI team is the long-term high satisfaction of our valued customers.
