LUXURY VILLAS

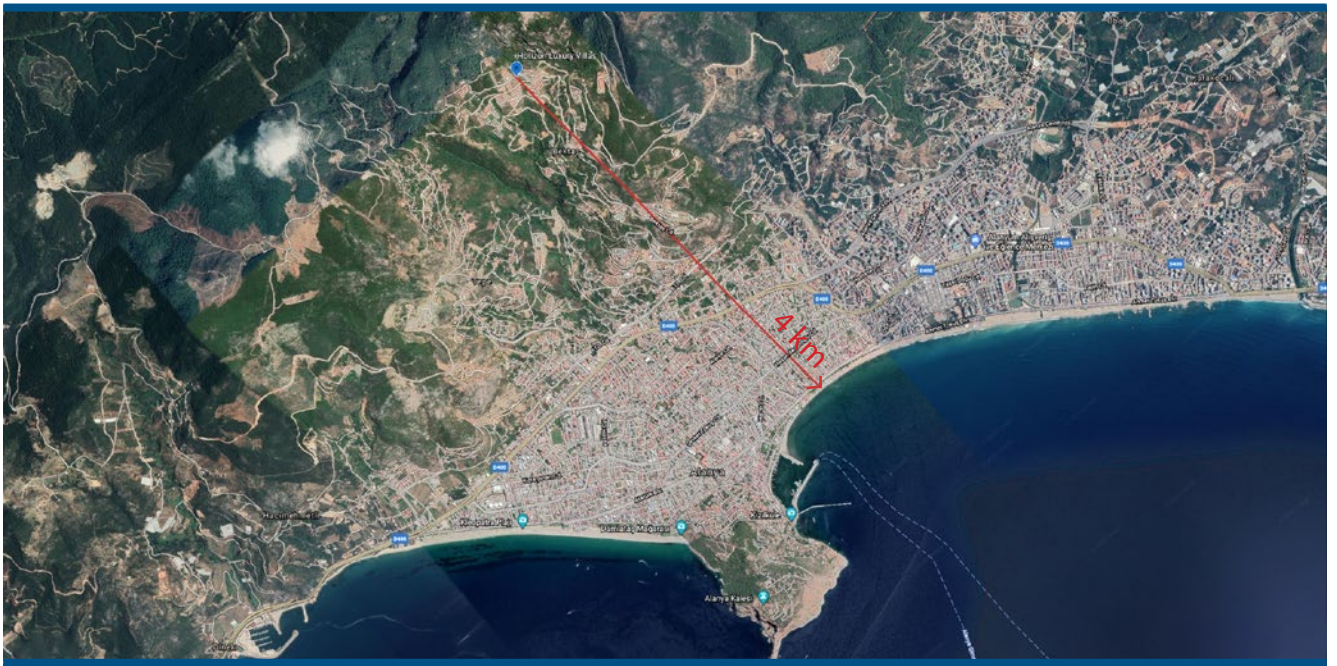

We proudly present Horizon Luxury Villas in Tepe Alanya, one of the most prestigious districts of Alanya. This ultra-modern exclusive project consists of just 6 detached villas and will be built on a 2,878 m² plot. Each of the magnificent villas will have a private infinity swimming pool, spacious terraces and gardens, private garages and stunning views.

Horizon Luxury Villas will be built on the foothills of the Taurus Mountains, where the sky meets the city. Each of these elegant modern villas will have unique views of Alanya city centre, the historic Alanya castle, the lush green surroundings and the glittering Mediterranean Sea.

These luxury villas range in size from 270 m² to 434 m², with 3 or 4 floors. All of the villas have an open plan living area with a custom designed kitchen and dining area on the ground floor, which opens on to the expansive terrace and garden. On the first floor there will be 3 bedrooms and 1 shared bathroom. Each of the master bedrooms will have a private dressing room and an en-suite bathroom. Each room in these villas will have large floor to ceiling windows allowing a lot of natural light in and ensuring you can make the most of the bewitching views from each and every room. Each villa will also have large hobby rooms in the basement, which can be customized to suit your request, wither you want a sauna, a home gym or a home cinema. Each of the larger villas will have their own elevators connecting all 4 floors.
