CARMEL
SUN RESIDENCE

Seda Yapı is a well-established construction company based in the beautiful city of Alanya on the Turkish South Coast. For more than 20 years we have been developing the best quality projects in the Alanya region. We produce work of the highest standards and deliver a first class finish to every project with through attention to detail. In cooperation with the best architects we focus to give our projects a unique design and offer a wide range of facilities to make your living as comfortable as possible. Our highly professional team delivers an honest, reliable and efficient service in order to help you when moving into your dreamhome.

ALANYA
Türkiye
"fun in the sun"

ALANYA

Is a perfect holiday center with long beaches, modern hotels, many fish restaurants, coffee shops, bars and clubs.

Uzun plajları, modern otelleri, birçok balık restoranları, kahve dükkanları, barlar ve kulüpleri ile harika bir tatil merkezi.

Alanya where sea, sun, history and nature are integrated in a magic harmony has the most beautiful and clean shores of the Mediterranean. There are cafes and bars surrounding the port and the boutiques along the port road where handicrafts, leathers, jewelleries, handbags and gourds adorned by the many colours special to the region are sold at nightfalls.

Deniz, güneş, tarih ve doğanın sihirli bir harmoni şeklinde iç içe olduğu Alanya Akdeniz'in en güzel ve en temiz sahillerine sahiptir. Alanya'da limanı çevreleyen kafeler ve barlar, ve liman yolu boyunca akşamüstü elışı, deri, mücevher, el çantası ve bölgeye özgü çeşitli renklerle süslenmiş su kabaklarının satıldığı butikler vardır.

Enjoy the view of Alanya Castle and Mediterranean Sea

ALANYA

Alanya is a Mediterranean city which dates back to ancient time and is located in the east cost of Antalya gulf in Anatolia.

Along its coastline which is more than 100 kilometers on the Mediterranean Sea, Alanya has beaches that are organised in accordance with the nature itself and the international regulations.

Akdeniz'de Anadolu yarımadasının Antalya Körfezi'nin doğu kıyısında antik çağdan kalma bir kent.

Akdeniz'e 100 kilometreden fazla olan kıyısı boyunca hem doğal hem de uluslararası kurallara göre düzenlenmiş plajlara sahiptir.
